Getting around London

By underground

The London Underground, usually called 'the tube', is enormous and can take you everywhere quickly.

However, it is hot and uncomfortable in the summer, and can be confusing for tourists, who often get on the wrong train. It can also be very crowded in the 'rush hour' (7.00-9.00 in the morning and 5.00-7.00 in the evening).

By bus

The buses give you a good view of the sights, especially if you travel upstairs, but if the traffic is bad, your journey can take a long time. Special tickets, called travelcards, can be used on both buses and the underground and are quite economical.

By taxi or car

Taxis are excellent, but very expensive. Never take a car into central London- it's nearly impossible to park, and you also have to pay a congestion charge (currently 5pounds) every time you drive into the centre.
